

Dear Sir/Madam

We feel honor in inviting you to Two-days National Seminar to be held on November, 22nd and 23rd, 2019 on "Early Childhood Care and Development". Grace the occasion by your scholarly presence.

EARLY CHILDHOOD CARE AND DEVELOPMENT

The last few decades mark with a sea-change in the larger perception of child-centric trends in academics. Earlier, the academic world used to undermine this area by relegating its significance to the level of only periodic guidance. However, new researches in the realm of child psychology, developmental psychology, neuro science and so on have opened the eyes of post-modern scholars to pay a close attention to the field of Early Childhood Care. In this regard, Bharat has a long tradition of valuing the early years of a child's life, and a rich heritage of cultural practices for stimulating development and inculcating value system and social skills in children.

The Hon'ble Prime Minister Shree Narendra Modi explained that children of today are put under the turmoil of unnecessary pressure and that this situation needs to be remedied. He further added that the modern world is moving rapidly towards the formation of nuclear families, and children begin to become marginalized in terms of care and protection to which they have a natural right. In this context, the Hon'ble P.M. said, the Children's University, as he visualized it should come forward to ensure all the needed help and care, not only in terms of physical health but also in terms of psychological needs, so that the children of today and tomorrow grow up under warm and affectionate care extended to them by the entire society into holistic personalities capable of serving the country and humanity to the best of their abilities.

Children's University as the first of its kind is committed to the aim of holistic development of every child. The University operates aiming at the areas of researches pertaining to toys and their design, various methods of teaching/learning, and inculcation of virtues according to Bharatiya culture. To develop a holistic personality of our future generation based on 'Panchkosh Siddhant' as mentioned in Taitariya Upanishada is the ultimate goal of Children's University.

FREE PAPER PUBLICATION

Selected Papers will be published in **Edited Books** with **ISBN Number** & in Children's University Journal - "Horizons of Holistic Education (HHE)"

THEME OF SEMINAR

EARLY CHILDHOOD CARE AND DEVELOPMENT

SUB THEMES

- Child Development and Psychology
- Child Health and Nutrition
- Holistic Development in Early Childhood
- Child Development and Bharatiya Thinking
- Ethical issues in Early Education
- Learning without Burden
- Novel Methods of Evaluation
- ICT and Mass media in ECCD
- Curriculum and Pedagogy in ECCD
- Pedagogy for ECCE Teachers
- Policy Perspectives on ECCD
- Research and Innovation in ECCD
- Role of Family, Parents and Society
- Current issues and challenges in ECCD
- Film, Drama, Music and Role Play in ECCD
- Artistic/Aesthetic Development
- Activity and Experiential Learning
- Character Building in ECCD
- Relation of Panchmahabbut with Development
- Multi-linguistic Approach and its Effect on Child
- Child as a Person
- Any other Relevant Topic

CALL FOR PAPER

Last date of receiving full length paper is **15th November, 2019**. Paper should be typed with 1.5 spacing in MS Word format, font size 12, Papers in English should be typed in Times New Roman, for Gujarati paper, please use Shruti font and for Hindi Paper use Mangal Font. Paper should be sent on seminarcu@gmail.com

Correspondence Address

ABOUT CHILDREN'S UNIVERSITY

The conception of the Children's University was first revealed by the then Honourable Chief Minister of Gujarat and present Hon. Prime Minister Shri Narendrabhai Modi, while emphasizing this he explained the urgent need of the University that may specifically be made for the growth and development of the coming generations. Apart from this, as he pointed out, the prime focus of this institution would be to avail the path-breaking researches dealing with the children's studies. The prime aim is holistic development of child based on Indian thinking and spirituality which covers whole life span of human that is conception to adulthood (-9 months to 18 years) which make this university very unique, novel and path breaking from all other conventional universities. This is very proud feeling matter for the government of Gujarat to work in the area of child development in very different way. The university is presently working in the above area in four dimensions i.e, Research, Education, Training and Extension Services.

ABOUT NCPDR

The National Commission for Protection of Child Rights (NCPDR) was set up in March 2007 under the Commissions for Protection of Child Rights (CPCR) Act, 2005, an Act of Parliament (December 2005). National Commission for Protection of Child Rights (NCPDR) is a statutory body under the Commissions for Protection of Child Rights (CPCR) Act, 2005 under the administrative control of the Ministry of Women & Child Development, Government of India. The Commission's Mandate is to ensure that all Laws, Policies, Programmes, and Administrative Mechanisms are in consonance with the Child Rights perspective as enshrined in the Constitution of India and also the UN Convention on the Rights of the Child.

ABOUT SSUN

Under the hegemony of the colonial system of education, we have been slowly losing the vast reservoir of knowledge contained in our knowledge tradition. It was felt that this reservoir should be rejuvenated and restored. This required sustained effort and a dedicated organisational set-up. The Shiksha Bachao Andolan was born on 2nd July 2004 with the aim of restoring our knowledge tradition through education. This was followed by the formation of the Shiksha Sanskriti Utthan Nyas in 2007. The aim was to provide alternative to current educational practices that would be rooted in national traditions.

PATRON

SHREE HARSHAD P. SHAH
