## About The University

Children's University is one of the dream projects of Hon. Prime Minister Shree Narendra Modi for the holistic development of each child. University came into existence by Children's University Act, 2009 at Gandhinagar, Gujarat. It is the only university of its kind around the world. Shree Harshad P. Shah shouldered the leadership as the first Vice Chancellor of the University in January 2012 and presently he is rendering his service as a Vice Chancellor again.

Focus of the university is 'Every Child Matters' and the upbringing of our children should be done in such a way that avails the development of physical, mental, intellectual, emotional and spiritual facets which ultimately lead them to selfrealization. The scope of this university begins with "GarbhaSamskar" to the incarnation of best progeny and hatches the dream of preparing a human being for the society. University also comprises not only preparation of child but also Parents. It develops teachers, teacher educators, counsellors, sports' persons etc. to take care of holistic and continuous development.

To realize this dream, this university encompasses four core dimensions including education, research, training and extension in true sense. The functions of the university are distributed in very wide spectrum of disciplines which includes Education, Philosophy, Sociology, Psychology, Languages, Social Work, Technology, Food and nutrition, Yoga and Music, Sports etc.
